Two Special Tournaments starting in 2027

An optional Ringer (AKA Eclectic) tournament for all rounds played at Revere on Concord. This is a multi-round golf competition where players build a single, idealized 18-hole score by taking their lowest (best) score on each individual hole across all rounds played on one course.

1. Every time you play Concord where individual scores are used if you have a lower score on a hole then a previous round, the lower score will be used. Scores can only go down, never up.
2. After each round, a master “ringer board’ or scorecard is updated. If a player scores a 5 on hole 4 in round 1, and then scores a 3 on hole 4 in round 2, the ringer score for hole 4 drops to a 3.
3. The ringer will run from the first round in January until the last round in November.
4. Note that the Ringer standings will be shown on Golf Genius along with the normal awards each time we play on Concord
5. Depending on the number of entries, payouts for first, second and third place overall lowest gross and lowest net scores in each flight will be awarded at the end of year meeting in December.
4. **Entry will be optional.** The cost will be a one-time fee of $10 for Gross and $10 for Net. Ed will add the option and collect the entry with the annual dues.

A two round Club Championship Tournament: one round on Concord and one round on Lexington:

1. The tournament will mirror the Men's Club Championship with one overall winner with the lowest gross score from the silver tee plus gross and net winners by flight.
2. Depending on course availability, we will try to hold it in November.
3. To be eligible for the championship, all players must have played a minimum of 10 rounds in Titan's Monday events.
